EDUCATION AND PUBLIC HEALTH DEPARTMENT

Drugs - Madras Drugs Rules, 1945 - Manufacture for Examination, Test or Analysis - Prescription of a fee for the grant of a licence in Form 29.

From the Surgeon-General, Ref. No. 102292/D/47 dated 17.5.1948.

For the grant of licences in Forms 25 and 28 for the manufacture of drugs for sale, licence fees are prescribed in Rules 69 and 75 respectively. But for the grant of a licence in Form 29 for the manufacture for Examinations, Test or Analysis, no such licence fee is prescribed. On the analogy of rules 69 and 75, Surgeon-General enquires whether a licence fee should not be prescribed in Rule 90 for the issue of a licence in Form 29 and the amount that should be prescribed in this behalf.

2. According to Rule 86, the provisions of section 18 of the Drugs Act shall not apply to the manufacture of any Drug in small quantities for the purpose of examination, test or analysis if the conditions prescribed in Part VIII of the Madras Drugs Rules are fulfilled. According to Rule 89, the licence in form 29 is required only when a person does not hold a licence in Form 25 or Form 28 in respect of such drug. Again, according to Rule 92, the licensee should use the drugs manufactured under the licence in Form 29 exclusively for purposes of examination, test or analysis. Since these drugs are not intended for sale, a fee for granting licence has not been prescribed. The omission to prescribe a fee for the grant of a licence in Form 29 is presumably intentional. There has also been no reference so far to the prescription of a fee for granting a licence in Form 29 in the various amendments to the Drugs Rules suggested by the Government of India from time to time.

3. In the circumstances stated above, it does not appear necessary to address the Government of India in the matter. Surgeon-General may however see U.O. for remarks, if any.

The Government of India may be consulted on the point.
